Rules and Regulations

1. Warren County Fair animal health rules are to be followed in all animal departments and contests. The complete requirements are listed in the front of the Warren County Fair Premium Book.
2. All intended entries for show, exhibition or display, shall be reported to the director of the Bureau of Animal Industry by the Fair Board Secretary no less than 10 days before the fair opens. Therefore, poultry entries are due July 15th.
3. Movements onto show premises will be permitted only by a prior properly completed and endorsed health certificate. The contents shall include:
 - A. Name and location of the show.
 - B. Name, address, and telephone number of flock owner.
 - C. The following information applies:
 - 1) Verification by certification that all birds were vaccinated against Laryngotracheiti, Laryngotracheitis

- 2) Chickens, turkeys, guineas and other fowl must be accompanied by a pullorum free certificate
- 3) Pertaining to purchased birds; a statement must be included verifying the fact the flock of origin was free of contagious disease.
4. No bird will be accepted on the day of the fair without a prior completed health certificate properly filled out.
5. Since all birds returned from the show are potential sources of infection to other birds, they should be isolated immediately after their return, separate and apart from all other birds. This isolation should be maintained indefinitely, if possible or at least until it has been established that the birds are not carriers of disease producing agents, as may be determined by exposure of a few susceptible birds to direct contact with them.
6. It is suggested that the birds entered, or the entire flock from which they come, be immunized against those diseases for which approved vaccines and methods are available.
7. No exhibitor may show more than 12 varieties, 48 birds per family. Entries will be received until such time as the cooping capacity is reached.
8. The management reserves the right to reduce the number or entries from one party, if the cooping facilities are exhausted.
9. The American Standard of Perfection will govern poultry judging within the limitations as set forth in the General Rules and Rules of this Department
10. Entered specimens must be bonafide property of exhibitor. All poultry must be separately cooped and clearly marked as to sex and class. During the continuance of the show, all birds will be examined carefully each day. Birds showing signs of disease will be segregated by the owner or his employee for removal from the show. Birds will be handled only by the judge or authorized fair official.
11. Premiums will be awarded only on animals or birds exhibited in their proper classes.
12. NO SUBSTITUTION OF ANIMALS OR BIRDS AFTER ENTRY DEADLINE.
13. Premiums are as follows and apply to the respective classification hereafter listed:
