1. In selecting vegetables for exhibition, choose
such specimens that would bring the highest price.
If possible, do not mix varieties.

2. Entries must be home grown by exhibitors. No
commercially grown products.

3. The following factors are generally used by an
expert vegetable judge:

- a. Trueness to variety type. If possible, pick
the specimens from variety.

- b. Uniformity in shape, size, and color.
- c. Be sure to pick out a perfect specimen,
then select the others as similar to it as
possible. Never mix specimens of
different maturity.
- d. Protect from dirt, diseases, infection, and
mechanical damage. Select specimens that
are perfect and show no blemishes of any
kind.
- e. Condition and maturity. Be sure that
exhibits are of high quality.

4. Read premium material carefully, following all
rules and regulations. In any instance, your exhibits
