 MEMORIAL OX PULL
 5:00 PM
 Leisure Ring**

1. All cattle are required to weigh in earlier in the week at a time TBD.

- 2. The loaded weight percentage of the cattle and the time limit is to be determined by the superintendent.
- 3. All cattle and teamsters have to be ready at the announced time of the event.
- 4. Light use of the goad or whip will be permitted. The teamster will be afforded one warning by the superintendent. Continued abuse will be grounds for disqualification.
- 5. Teamsters may have one helper to hook the chain onto the drag. The helper may follow behind the drag. The helper is not allowed to have a goad or whip. The helper must remain quiet during the pull.
- 6. Cattle must remain hooked to the drag at all times. If unhooked intentionally, then the pull will be pinned at the spot and ruled a completed pull.
- 7. If the load is pulled out of bounds it will be pinned at the last spot it was in bounds. That pin will serve as the measured distance until such time that the load is pulled back in bounds.
- 8. Time will start when drag is moved.
- 9. When measuring, it must be in a straight line to the nearest point on the drag. The front of the drag must touch the line before making a turn. The drag should be turned more than 1/2 ways or the back of the drag must be over the line to get a full-line measure.
- 10. If a breakdown occurs, the teamster may take the distance they have pulled thus far, or they may go the end of the line and have a second try.
- 11. Any animal that the superintendent feels is too thin or seems dehydrated will be disqualified. Animals with open sores or if they are lame will also be disqualified.
- 12. The superintendent may order a load pinned and ruled a complete pull if an unsafe situation is encountered.
- 13. There will be no lines, ropes or halters allowed on the cattle during the pull. Animals must be under control at all times.
- 14. Running with a team will not be permitted.
- 15. Cattle should be clean and presentable.
